Personel and Confidential

Mr. Donald C. Morrell Federal Bureau of Investigation Washington, D. C.

Dear Mr. Horrell:

I am indeed impressed with the imagination and ingenuity you displayed in the preparation of the folder pertaining to a career in the FBI and am taking this opportunity to commend you.

It is obvious you have given considerable thought and interest to this matter. The results, I feel, are excellent, and the pamphlet will undoubtedly be of real value. It is a pleasure to commend you for a truly praiseworthy job in this respect.

Sincerely yours,

d. Edgar Boover

PERSONAL AND CONFIDENTIAL

Mr. Donald C. Morrell Federal Bureau of Investigation Washington, D. C.

Dear Mr. Morrell:

The Bureau has recently found it necessary to request the resignation of a newly appointed Special Agent, whom you interviewed and favorably recommended for Bureau employment. After he entered on duty, this employee was found to speak in a low-pitched voice, enunciated poorly and was lacking in self-assurance. You apparently failed to note any of these undesirable characteristics at the time of your interview of the applicant and this reflects a lack of sufficient thoroughness on your part.

Accordingly, you will be expected in the future to carry out your duties with greater care and consideration for the Bureau's best interests so that no further occasion will arise to call a matter of this nature to your attention.

Very truly yours,

J. Edgar Hoover

APPLICANT RECRUITMENT FOLDER SUBJECT:

Vinterrowd The Director has approved printing 25,000 copies Tele. Room of afrecruitment folder drawn up by the Administrative Holioman -Division and the recommendation that hereafter the folder be used in recruiting and in supplementing applicant correspondence. Twenty-five thousand copies have been printed and are partly to be distributed to the various field offices as an aid in local recruitment and for use in career-day activities. In addition, one folder will be enclosed with each new appointment letter and the jolder will also be used in supplementing applicant correspondence at the Seat of Government and will be distributed to selected tours of nigh school students at the Seat of Government.

In order for the field to obtain a aitional copies of the folder from time to time, it will be necessar for the Property danagement Section of the Administrative Livision to open a stock ledger so shut the field, and EVG, can reorder supplies of the folder on Stock hoom lequisition form ID-215. In this manner the Property Lanagement Section will be able to have a supply on hand and replenish the stock of the field and the Seat of Government. The fiels will be notified of the existence of this folder and the fact that a supply is to be furnished each field office by separate cover by means or an AC Letter. פש שבריינושבר מש

There are presentill 25,000 copies on hand and this stock will be depleted through distribution to the field, the Administrative Division, and Records and Communications Division. Therefore, it will be necessary to set up an additional stock on nand in order that additional requests from the field can be filled. copy of folder is attached. 23 JUN 13 1956

RECO.IMENDATIONS OF ADJUSTRATIVE DIVISION:

1. It is recommended that the Property Minigement Section of the Aaministrative Division set up a stock ledger card on the recruitment folder so that control of this item can be regulated.

ADDENDUM: WST:lae 5/24/56

SAD. C. Morrell was assigned the task of preparing the text for this recruitment folder. The rough idea for the format was discussed with Mr. George L. Cheesman of the Exhibit Section who thereafter was responsible for drawing up the folder in its final form. Mr. Kenneth A. Mann did the actual art work and made the layout on the folder. It is felt that this folder is outstanding and that all three of these employees did an excellent job in carrying out their part of this project. The folder will do the Bureau untold good through creating better understanding and interest on the part of the public regarding the advantages of a career in the Bureau

RECOMMENDATION:

It is recommended that SA Morrell, Mr. Cheesman and Mr. Mann be commended by letter for their excellent work on this folder.

Report of Medical Examination

#### FOR INFORMATION AND GUIDANCE OF MEDICAL EXAMINER:

The following portions of the attached examination report form need not be completed:

2	67	
3	. 68	
11	69	
14	71	(Item 71, audiometer examinations,
17		should be afforded whenever possible.)
62		- ,
65	72	

Item 48, the electrocardiogram, is not required unless the examinee is over 35 years of age or unless other examination indicates such is desirable.

If the examinee is an applicant, the Chest X-ray and blood type and Rh factor (Items 46 and 49) are not necessary unless the facilities for affording same are readily available to the examiner.

#### FOR ALL EXAMINEES, WHETHER CLERICAL OR SPECIAL AGENT APPLICANTS OR EMPLOYEES:

The medical examiner should answer the following question:

Examinee (is or is not) qualified for strenuous physical exertion. (Designate which)

#### FOR ALL MALE EMPLOYEES OR APPLICANTS:

The medical examiner is requested to answer the following:

Does examinee have any defects restricting or prohibiting his participation in defensive tactics and dangerous assignments which might entail the practical use of firearms? Does examinee have any defects prohibiting safe operation of motor vehicles?

If answer is "yes" please specify.

IT IS ESSENTIAL THAT ALL STATEMENTS IN ITEMS 59, 61, 64 AND 70 PERTAINING TO VISUAL ACUITY, COLOR VISION AND HEARING BE COMPLETED IN DETAIL.

Mr. Donald C. Morrell Federal Bureau of Investigation Washington, D. C.

Dear Mr. Morrell:

I certainly was gratified to learn of the extraordinary accomplishments realized in the recruitment of clerical employees for the Seat of Government during recent months.

The major contribution made by you toward the success of this program is indeed worthy of special recognition particularly in view of the many obstacles which necessarily had to be overcome in realizing the objective. You should indeed be prouded of your splendid performance which most assuredly is deserving of commendation.

#### PART I, GENERAL COMMENTS

SA Morrell presents an excellent personal appearance, possesses a pleasant personality and gets along well with fellow employees and others with whom he comes in contact. He is intelligent, exercises good judgment, and possesses the ability to analyze a given problem and arrive at the proper conclusion. He is completely familiar with the Bureau's policies and procedures, particularly with regard to Bureau applicant matters and other matters supervised by him in the past.

During the entire rating period he has served in the Applicant Recruitment Unit. His duties have consisted primarily of all phases of the processing of Bureau applicants, the handling of maintenance employees, Clerk-Agent ratio, applicant correspondence and other related duties. He has been able to comprehend the many ramifications of Bureau applicant matters in a minimum period of time and is presently well versed in all of his duties. His attitude has been commendable during the entire rating period as reflected by his willingness to carry his equitable share of the work load and to voluntarily utilize his personal time when the work load of the unit warranted such action. He is able to handle a tremendous volume of mail with unusual accuracy and he works extremely well under pressure. He assumes responsibility without hesitation and is constantly on the lookout for better ways of handling the work of the unit. He has been responsible for streamlining some of the procedures regarding Bureau applicant matters. He possesses an alert mind and he is most willing and aggressive. He can be depended upon to put forth his best effort in connection with any assignment afforded him.

He is highly regarded by clerical personnel working under his supervision and he is able to obtain from them maximum production. He is a real asset to the unit and has performed in a satisfactory manner in the absence of the Unit Chief.

During the rating period, he was commended for his imagination and ingenuity in the preparation of a folder entitled, "Facts About a Career in the FBI." He was also commended for his contribution in connection with an intensive applicant recruitment program conducted by the Bureau during the Fall of 1956.

#### PART II, SPECIFIC COMMENTS

#### I. JUSTIFICATION FOR ANY MINUS RATINGS GIVEN

Not Applicable

#### II. EXPERIENCE AND ABILITY AS INSPECTOR'S AIDE

He is a qualified Inspector's Aide but did not serve on any inspection during the rating period.

#### III. PARTICIPATION IN INFORMANT PROGRAM

### UNITED STATES GOVERNMENT ice Memorandum ·

Mr. Mohr

FROM : H. L. Edwards

SUBJECT: BUREAU APPINIOANT PROGRAM

SCNERA. You will recall that during the fall months we had a critical shortage of clerical employees at the Seat of Government (SOG) which necessitated an intensive Applicant Recruitment Program. During the early part of November, 1956, we were almost 400 clerical employees short at the SOG.

Winterrowd Tele. Room

· A tabulation which has just been made in the Applicant Recruitment Unit reflects that during the period from October 1, 1956, through January 16, 1957, we has 887 new clerical employees enter on duty at the SOG. This figure is broken down by months as follows:

Month	at SOG
October	99
November	<b>26</b> 3
<del></del>	225
December January (through 1/16/57)	300
Total	. 887

In addition to the above, as of today, we have 96 clerical appointments outstanding for the SOG for the class scheduled to report on 1/28/57. Considering these outstanding appointments for the remainder of January, it is apparent that new clerical employees entering on duty at the SOG during the period from October 1, 1956, through January 31, 1957, will total almost 1000. It is significant to note that 488, or approximately 1/2 of these, entered on duty during the months of November and December despite the fact that it is extremely difficult to obtain new employees during those months in view of the holiday season and the reluctance of new employees to leave their homes at that time of the year.

At the present time, all clerical needs at the SOG have been filled and it is expected that outstanding tempointments, plus clerical applicants presently being processed, will be sufficient to fill future needs for the next few mouths.

RECOMMENDATION: SEC.U

#### ADDENDUM: WST:lae 1/23/57

The recruiting drive that was put on last fall was undoubtedly one of the most intensive in the Bureau's history. I do not believe that there has been any period at that time of year when we have hired so many clerical employees in 3 1/2 months.

the clerical supervisor of the Applicant Briefing Unit, has received an incentive award for her efforts in connection with this drive and several of the clerical employees of this unit have been commended by letter.

Actually, the tremendous momentum generated in this drive and the excellent results achieved were due in no small measure to the enthusiastic, determined and persistent manner in which SA Everett/Ingram followed the field almost on an hourly basis in. getting the drive rolling. The instructions which he issued were phrased in such a manner ** to leave no doubt that the Bureau expected results and I feel that he did an outstanding in this drive for which he should be commended. Likewise, SAs Donald Morrell, Hunsinger and William E. Leishear, in assisting SA Ingram handle a tremendous volume of paper in a short period, devoted themselves wholeheartedly to the recruiting effort, spending a great deal of their own time on weekends in getting cases ready for appointment in a splendid manner and certainly deserve a great deal of the credit for the tremendous success of this drive. Mr. Leishear, in addition, interviewed a large number of applicants who applied at the Seat of Government and handled this abnormally large volume of interviews in addition to assisting SAs Morrell and Ingram in reviewing briefs and handling the other paper work necessary to getting out appointments.

Likewise, SA James Adams, who is directly responsible for the unit which prepares the actual appointment letters, did a splendid job in organizing the work in that unit so that appointments went out with incredible speed. SA Adams personally reviewed and initialed almost every appointment that went out and I feel that he did an outstanding job in getting the volume of appointments out in an extremely short period of time and also in keeping up the morale of the girls in his unit and keeping them going at top speed so that we got maximum results from them. Several of the girls in his unit received letters of commendation for their efforts and I feel that SA Adams is likewise entitled to a letter of commendation for his part in this successful drive. There are no clerical employees in either Adams' or Ingram's units who merit commendation, aside from these already commended.

#### **RECOMMENDATION:**

That SAs Ingram, Morrell, Leishear, Hunsinger and Adams be commended by letter for their splendid efforts which resulted in the success of this intensive recruiting drive. They Medorard a learn.

PERSONAL

Mr. Donald C. Morrell Federal Bureau of Investigation Washington, D. C.

Dear Mr. Morrell:

On this special occasion of your Tenth Anniversary with the Federal Bureau of Investigation today, it is extremely pleasant to extend my warm congratulations and present the enclosed Ten-Year Service Award Asy.

It is indeed encouraging to observe the spirit of loyalty and the devotion to duty which beruade the work performance of our many faithful employees such as you. It is evident that each employee is aware of the fact that his assignment is essential to the proper discharge of the Sureau's responsibilities. Four own record during your years of service proves how effectively you have contributed to our accomplishments, and I want you to know how appreciative I am.

I have that through your continued and to tion with the Durecu I shall be able to present additional Service Awards to you upon subsequent anniversaries.

With best wishes,

Sincerely,

H ROC

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - NAMEXANEX) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Subject: BUREAU CLERICAL APPLICANT PROGRAM

There is set out below a tabulation of the number of clerical employees who entered on duty at the Seat of Government during the period from June 1, 1957, through August 31, 1957.

<u>Month</u>	Clerical EOD's at Seat of Government
June	352
July	378
August	242
TOTAL	972

The above figures reflect that we were successful in obtaining almost one thousand new clerical employees during the summer months. During the same period, a total of 523 clerical employees at the Seat of Government resigned, which left us a net gain of 449 clerical employees during this period.

We have no shortage of clerical employees at the Seat of Government at this time, and we expect the quota which have been set for 32 field offices to supply us with a sufficient number of clerical employees to meet our needs in the months ahead. These quotas have been designed to account for 160 new employees each month which will be sufficient to offset resignations, transfers, retirements, etc.

#### RECOMMENDATIONS:

None. The above has been submitted for informational purposes. Mr. Ingram, agent supervisor, and the clerical employees of applicant Recruiting Section did a fine job. Recommend letter of commendation to Ingram and through him employees under his supervision. JPM. OK Hoover. Letter of commendation 9-10-57 CRD: jad.

#### Personal Attention

Mr. Everett J. Ingram Federal Bureau of Investigation Washington, D. C.

Dear Mr. Ingram:

I was certainly pleased to learn of the success realized in recruiting clerical employees for the Seat of Government during the last three months and know this fine accomplishment was due to the splendid efforts of you and the other employees in the Applicant Recruitment Unit.

The necessity for maintaining on our rolls at all times a sufficient number of employees to effectively discharge all of our heavy responsibilities cannot be overemphasized. The excellent results of our recruiting efforts attest to the awareness of the employees in your unit of these responsibilities and clearly reflect a determination to perform their duties to the very best of their ability. I am indeed grateful for this exemplary performance and wish to commend you, and through you, the employees in the unit who helped make this accomplishment possible.

Sincerely yours,

Personnel Matter

J. L. Addamaso DATE: 11/13/57

Tele, Room ... Holloman .

This is to advise that SA Morrell has received an invitation to attend a testimonial dinner honoring W. Sterling Cole, Director of the International Atomic Energy Agency, and William P. Rogers, Attorney General of the United States. This dinner is to be given on Friday, 11/22/57, at the Cosmos Club and is sponsored by the Colgate University Alumni Club of Greater Washington. Invitations are being limited to Both Mr. Cole and Mr. Rogers are graduates of Colgate University, as is SA Morrell, and although he does not know either of the two individuals personally, he intends to accept the invitation.

#### ACTION:

Unless advised to the contrary, SA Morrell will accept the invitation and attend the dinner for Mr. Cole and Mr. Rogers on 11/22/57.

Donald C. Morrell
Special Agent Supervisor, Personnel Section
Administrative Division
EOD 8-18-47
GS 13, \$9,420
Veteran - Not in Reserve
Not on Probation

In view of the vacancy in the position of Assistant Personnel Cificer, GS 15, created by the reassignment of Special Agent Supervisor W. S. Tavel to your front office to replace Mr. Clayton who was transferred to the vacancy in Mr. Tolson's Office occasioned by Mr. Nease's promotion, I am recommending the approval of Special Agent Supervisor Everett J. Ingram for a 90-day trial assignment to this position. Should this be approved, I am also recommending the designation on C0-day trial assignment of Special Agent Supervisor Donald C. Morrell as Unit Chief of the Applicant Recruitment Unit which position would be vacated by Mr. Ingram's promotion.

#### 1. Justification re Epecial Agent Eupervisor Ingram

Mr. Ingram is currently the most deserving and best qualified agent supervisor in the Personnel Section for the vacancy of Assistant Section Chief. He has more than 15 years of service in the Eureau as an agent and has been in the Administrative Division since 2-26-51. During his assignment in the Administrative Division he has held responsible supervisory assignments in practically every phase of the sections work and as reflected in his performance ratings and other memorinda in his file, has done a creditable job which has contributed much to the strength of the Eureau's personnel program. His last assignment as Unit Chief of the Applicant Recruitment Unit which he has held for approximately two years proved his ability to successfully meet heavy challenges because this was the period when applicant recruitment was increasingly competitive particularly the obtaining of clerical personnel for Washington.

Enclosures (2)

He has been commended by the Director in two letters this year (January 28, 1957 and September 10, 1957) because of his successful leadership of the unit in meeting this challenge.

Mr. Ingram was interviewed by the Director in connection with his promotion to GS 14, 5-25-54, and the Director was favorably impressed. Mr. Ingram has consistently been interested in, available for and certified for long-range advancement. The only disciplinary action against him this year consisted of censure and probation because of an incident which occurred in the unit under his supervision wherein some applicant mail could not be located and as chief of the unit he had to assume his share of responsibility for failure to establish adequate safeguards and other preventative measures. He was removed from probation June 20, 1957.

Mr. Ingram makes an outstanding appearance, is aggressive, energetic, enthusiastic, intelligent, and definitely Bureau-minded. Recognizing his abilities and giving him this additional responsibility will provide him with new challenges which I am confident will be met in a manner harmonious with the Eureau's best interests.

A permanent brief of Mr. Ingram's file is attached.

#### 2. Justification re Special Agent Supervicor Morrell

Mr. Morrell is the logical choice to succeed Mr. Ingram as unit chief of the Applicant Recruitment Unit. He has been serving as Assistant Unit Chief since 2-23-56 and prior thereto for several years he had been assigned to various other responsible desis in the Personnel Section. He has been in Grade GS 13 since 3-23-54, is completely available, interested in additional advancement, and in his last performance rating of \$-31-37 he was considered fully qualified for the position of Assistant Special Agent in Charge or for comparable administrative positions. These comments are equally if not more applicable at the present time in view of his additional experience. He has had no censures this year and was commended by letter from the Christop 9-10-37 because of his share in meeting the urgent elerical recruitment needs of the Eureau. Air. Forrell celebrated his 16th anniversary with the Eureau on 8-18-57.

Mr. Morrell's personal qualifications, his loyalty, supervisory talents, energy, aggressiveness, and over-all ability provide ample insurance that he would be able to fulfill the unit chief position to complete satisfaction.

A permanent brief of Mr. Morrell's file is attached.

#### RECOMMENDATIONS:

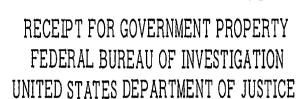

That Special Agent Supervisor Everett J. Ingram be approved for a 20-day trial assignment to the position of Assistant Personnel Officer, GS 15;

That Special Agent Supervisor Donald C. Morrell be approved on a 90-day trial assignment to the position of Unit Chief of the Applicant Recruitment Unit, GS 14.

Upon approval of these recommendations, I will fully brief these men on their new responsibilities and 90-day performance ratings, together with appropriate recommendations regarding promotion will be submitted when due.

#### ADDENDUM OF H. L. EDWARDS 10/25/57, HLE:pmd

On 10/24/57 I called a special conference of the Agent Supervisors in the Personnel Section and advised them of the approval of those 2 new designations. I have discussed with these men their new responsibilities and will follow their development closely.

### DONALD C. MORRELL GS 13, \$9,420

This is a special performance rating covering the 90-day trial assignment of Mr. Morrell as Acting Unit Chief of the Applicant Recruiting Unit from October 22, 1957 to the present time. This position is allocated in GS 14. Mr. Morrell is in GS 13.

During the rating period Mr. Morrell has fully demonstrated his ability to function in an entirely satisfactory manner as Unit Chief. He is energetic, interested and enthusiastic. He subordinates his personal interests to the needs of the Bureau. He is completely cooperative, has a progressive outlook and is constantly seeking ways to improve the operations and functions of this important phase of the Bureau's work.

Mr. Morrell has had no censures during the rating period.

The work load in the unit has been heavy. Mr. Morrell has also been hampered by training a new agent supervisor. He has also been called upon to assist in handling some of the work load of the entire Personnel Section because of special assignments necessitating the absence of some of the other men including the section chief.

Mr. Morrell is completely available. He has additional potential for continuing to advance in the organization and will undoubtedly be of greater value to the Bureau after he has been permitted to acquire substantial experience in his present unit ohief assignment.

Attached are 90-day performance ratings on Special Agent Supervisors Everett J. Ingram and Donald C. Morrell covering their trial assignments as Assistant Personnel Officer and Unit Chief of the Applicant Recoulting Unit, respectively.

These men were approved for trial assignment to these positions on the basis of my memo of 10-22-57.

Mr. Ingram has very capably demonstrated that he deserves to be promoted to the vacancy of Assistant Personnel Officer, GS 15. Not only has he satisfactorily managed to learn the duties of Assistant Personnel Officer during this period but he has also had to shoulder additional responsibilities by acting as section chief during my absence on special assignment in the Identification Division.

Similarly, Mr. Morrell has capably demonstrated that he deserves the position of Unit Chief of the Applicant Recruiting Unit, GS 14. His responsibilities have likewise been extremely heavy during this trial period and in addition he has had to assist in shouldering the work load of the whole section by reason of absence of several of the Special Agent Supervisors on special inspection assignments.

Neither of these men has been the subject of any censures during the rating period.

2. That Donald C. Mirrell be promoted from GS 13, \$9,420 to GS 14, \$10,320, in view of his satisfactory bandling of the position of Unit Chief, Applicant Recruiting Unit.

## Office Memorandum • United States Government

TO

DIRECTOR, FBI

DATE: February 19, 1958

FROM:

J. P. Mohr

SUBJECT:

Donald C. Morrell Personnel Section

#### ATTITUDE

The purpose of this memorandum is to report that the captioned employee reported for work on 2-18-58, notwithstanding the extremely hazardous travel conditions. In accordance with the Director's instructions this is to be made a matter of record in the employee's personnel file and considered as a COMMENDATION.

On Saturday, 2-15-58, the Washington, D. C., area was blanketed by fourteen inches of snow as a result of a storm which the Weather Bureau termed the worst that has struck this area in twenty-two years. Thereafter, high winds and near zero temperatures set in for several days making travel conditions extremely hazardous.

On Monday, 2-17-58, in recognition of the hardships and hazards that Federal Government employees would face in coming to work, a White House announcement was made encouraging such employees to stay home and take a day of annual leave. During the late afternoon of 2-17-58, a further official announcement emanated from the White House instructing that all Government employees who were not considered essential would be excused from work on 2-18-58 on Administrative Leave.

The captioned employee considered his work and his services to the FBI so essential that in spite of the foregoing announcement he took it upon himself to come to work and perform his regularly assigned duties. This is considered a highly exemplary attitude on the part of this employee and his actions in this instance certainly demonstrate his devotion to duty and the fact that he places his employment with the FBI above his personal convenience.

#### RECOMMENDATION:

That this memorandum be placed in the employee's personnel file.

APPLICANT RECRUITIMENT BROCHURE FOR USE BY HIGH **ECHOOL GUIDANCE COUNSELORS** Applicant Matters

The Applicant Recruitment Unit recently suggested that a brochure be prepared for use by high school guidance counselors in connection with the Bureau applicant program. This was approved and a very excellent brochure was designed by the Exhibits Section and was printed in the Mechanical Section. A copy of the brochure is attached. SAC Letter 57-69 dated 12/10/57 instructed the field regarding the use of this brochure in Bureau applicant matters.

#### PART I, GENERAL COMMENTS

SA Morrell presents an excellent personal appearance, dresses in a neat and conservative manner, and possesses a personality which permits him to get along well with other employees and people in all walks of life. He is intelligent, alert, possesses a quick mind, has the ability to analyze situations and think them through to a logical conclusion, possesses good judgment, and is mature in his manner and approach. He is completely familiar with the Bureau's regulations, as well as its policies and procedures, particularly as they pertain to the handling of Bureau applicant matters and other matters under his supervision.

He served as a Supervisor in the Applicant Recruitment Unit from the beginning of the rating period until October 22, 1957, at which time he was placed in a trial assignment as Unit Chief of that Unit. He has served as Acting Unit Chief since that time. Prior to his designation as Acting Unit Chief, he was responsible for all phases of applicant recruiting, the processing of maintenance employees, the clerk-agent ratio, applicant correspondence, field eligibility lists, and other related duties. He handled all these functions in a far above-average manner, being constantly alert to protect the Bureau's interest and insuring at all times that clerical employees under his supervision performed with efficiency and dispatch. Since being designated as the Acting Unit Chief of the Unit, he has displayed aggressive leadership and has been personally responsible for many worthwhile accomplishments in the Unit, such as the revision of a form used by Special Agent appointees to notify of the acceptance of their appointments, the revision of a form used in reporting information regarding birth and marriage matters pertaining to Bureau employees: he obtained approval for all physical tests pertaining to Bureau applicants to be considered current for a six-month period whereas heretofore certain tests had been considered current only for 60 days, thereby bringing about uniformity in this regard; and the revision of procedures regarding field requests to hire from their eligibility lists. All of these matters have resulted in streamlining the operations of the unit with a resultant increase in efficiency. In addition, he followed through on certain projects already initiated in the unit when he became Acting Unit Chief, such as revision of the application for employment, revision of the interview sheet and the revision of all Special Agent and Special Agent (Accountant) examinations. He was given the responsibility of coordinating the preparation of an applicant recruitment brochure and displayed considerable initiative and ingenuity in that regard. This brochure has been furnished to the field to assist in recruiting activities.

Two employees in his unit have received letters of censure for errors in correspondence since he has been Acting Unit Chief and one employee has been the recipient of a cash award for sustained above-average performance. No personnel problems have arisen in the unit since he has been Acting Unit Chief. The accomplish-

ocm

ments of the unit during his tenure as Acting Unit Chief have been possible despite the fact that during that period it was necessary to train a new Special Agent Supervisor and new relief receptionists in the Applicant Office. In addition, the employees of the unit have had to assemble approximately 25,000 new Special Agent examinations which required considerable time and effort.

SA Morrell has been called upon during the rating period to assist in handling the work in some of the other units on a temporary basis and he has assumed these additional duties with enthusiasm and vigor. He is able to render valuable assistance in such cases, due to his familiarity with the work in other units of the section and is always willing to assist in relieving heavy workloads in other units. He has also assisted on many occasions in reviewing outgoing mail in the Front Office of the Personnel Section and has demonstrated unusual alertness, accuracy, and mature judgment in handling these assignments. He works extremely well under pressure, is able to handle a large volume of work, and can always be depended upon to put forth his best efforts with regard to any assignment.

He keeps in close contact with all matters being handled in the Applicant Recruitment Unit, is highly regarded by the employees working under his supervision, and is considered to be a firm but fair Supervisor. His attitude leaves nothing to be desired, as reflected in his willingness to carry his share of the workload and to voluntarily utilize his personal time in handling the work of the unit when such action is warranted.

During the rating period he was commended through his Unit Chief for the excellent results obtained by the Applicant Recruitment Unit in recruiting clerical employees for the SOG during the summer months of 1957. He was also commended on February 19, 1958, for reporting to work on February 18, 1958, despite extremely hazardous weather and travel conditions. Furthermore, during December, 1957, he exhibited commendable interest and enthusiasm in connection with the preparation of an applicant recruitment brochure, referred to above.

SA Morrell is an extremely hard worker and is considered to be a real asset to the Personnel Section.

Special Agent Supervisor Donald C. Morrell has been in Grade GS 13 since 3-28-54. He was approved 10-23-57 for trial assignment to the vacant position of Unit Chief of the Applicant Recruitment Unit caused by the transfer of former Unit Chief E. J. Ingram to a promotional assignment as Assistant Personnel Officer. He completed the customary 90-day trial period and a special performance rating submitted on him 1-28-58 covering that period rated him excellent and commented that he had fully demonstrated his ability to function in an entirely satisfactory manner as Unit Chief. The Annual Performance Rating submitted on Mr. Morrell as of 3-31-58 also rated him Excellent and commented that he had received no censures during the entire year. He performed commendable work during the year particularly in doing much to help the Bureau successfully recruit clerical employees for the Seat of Government during periods of stiff competition from private industry and other Government agencies.

Language of the second

The position of Unit Chief is an established GS 14 position. The Applicant Recruitment Unit which Mr. Morrell now heads consists of 24 employees consisting of two Special Agent Supervisors. It has responsibility for all Bureau applicant recruiting including all applicant interviews in the Washington area on applicant correspondence, preparation of congratulatory letters on births and marriages, supervising the investigations of maintenance employees, authorizing clerical appointments in the field and related matters. Mr. Morrell's predecessors in that position were in Grade GS 14. In addition Mr. Morrell meets the alternative requirement of eligibility for Grade GS 14 in that he has had more than five years continuous supervisory service at the Seat of Government. Mr. Morrell is aggressive, energetic, loyal, resourceful, constantly subordinates his own interests for the sake of the work at hand, his attitude is commendable - being willing to assume any assignment given him and vigorously carries it through to completion. He has a good imagination, good ideas, and he has demonstrated in a number of ways his ability to constantly seek ways of improving the important matters supervised by him. For example, he coordinated the preparation of an applicant recruitment brochure which has been distributed to the field as a valuable tool to assist in applicant recruiting. He recently completed revisions of the Special Agent written examinations and aided in a number of other streamlining revisions of forms and procedures: HLE: MAH (2)

Enclosure

There is no question whatever concerning Mr. Morrell's interest in, availability for and capability of administrative advancement in the Bureau. I have personally interviewed him in this regard and know that he has no reservations whatever about being desirous of advancing in the Bureau's service. Based on my evaluation of him, my observations and knowledge of his work performance, I am confident he has the qualifications to advance to positions of additional responsibility in the Bureau.

#### RECOMMENDATION:

In view of the fact that Mr. Morrell has performed excellent services for more than the past six months in the established GS 14 vacancy of Unit Chief of the Applicant Recruitment Unit, and in addition meets an alternative eligibility standard for GS 14 by reason of more than five years of continuous supervisory service at the Seat of Government, I recommend his approval for promotion from GS 13, \$9420 to GS 14, \$10.320.

RE: SA Donald C. Morrell

(type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I amforwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Elizabeth H. Morrell

Attached are 90-day performance ratings on Special Agent Supervisors Everett J. Ingram and Donald C. Morrell covering their trial assignments as Assistant Personnel Officer and Unit Chief of the Applicant Recruiting Unit, respectively.

These men were approved for trial assignment to these positions on the basis of my memo of 10-22-57.

Mr. Ingram has very capably demonstrated that he deserves to be promoted to the vacancy of Assistant Personnel Officer, GS 15. Not only has he satisfactorily managed to learn the duties of Assistant Personnel Officer during this period but he has also had to shoulder additional responsibilities by acting as section chief during my absence on special assignment in the Identification Division.

Similarly, Mr. Morrell has capably demonstrated that he deserves the position of Unit Chief of the Applicant Recruiting Unit, GS 14. His responsibilities have likewise been extremely heavy during this trial period and in addition he has had to assist in shouldering the work load of the whole section by reason of absence of several of the Special Agent Supervisors on special inspection assignments.

Neither of these men has been the subject of any censures during the rating period.

Dear Mr. Hoover:

I have just received your letter of May 15, 1958, advising of my promotion to Grade 14.

This marks the highlight of my Bureau career and I want you to know that I cannot adequately express to you my appreciation and gratitude. I would have liked to be able to thank you personally for this promotion, but I realize you are already overburdened and I do not want to impose on your time.

You may be assured that I will do everything possible in an endeavor to continue to merit this confidence you have reposed in me.

Sincerely yours.

QUALIFICATIONS FOR ADVANCEMENT

Donald C. Morrell

EOD: 8-18-47

DATE: September 11, 1958

The above-captioned Special Agent Supervisor was interviewed on September 10, 1958, in connection with administrative advancement. He is 40 years of age, is married, and has 2 children. Mr. Morrell is an approved Inspector's Aide and served as a Relief Supervisor in the field. His field and Seat of Government records have been very good. He has been commended on 6 occasions and censured twice.

Mr. Morrell makes an excellent personal appearance and has an excellent personality. He dresses neatly and in good taste. He is mature both in appearance and in actions and appears to be in excellent health. He is forceful and aggressive and appears to be alert, sincere and interested. He appears to be above average in intelligence, and he reflects vigor in his personality. It is believed he will be excellent in making Bureau public appearances and Bureau contacts.

Mr. Morrell's last annual physical examination on 9-9-57, reflected he was 5 feet 7 inches tall and weighed 168 pounds. For this height and a large frame the desirable weight is 148 to 161 pounds with a maximum of 176 pounds.

Mr. Morrell stated he is very anxious to advance as far as possible in the Bureau and he would like very much an opportunity of serving as a Special Agent in Charge. He feels he is now capable of serving as an Assistant Special Agent in Charge. He stated he is completely available and there are no restrictions on his availability. Mr. Morrell appeared to be completely sincere and enthusiastic in discussing his desire to advance and in stating his availability.

Although Mr. Morrell had no specific suggestions at this time for improvement of the Bureau's work, he stated he has made many suggestions to streamline and effect improvement in the procedures of the section 1 - Mr. Tavel

to which he is assigned in the Administrative Division which has to do with applicant recruitment. He stated he is fully cognizant of the necessity of the Bureau's improving itself and he would make suggestions whenever any came to mind for the benefit of the Bureau. Mr. Morrell indicated from his conversation that he is very much concerned with the future of the Bureau and its welfare. He stated he thought one of the greatest problems facing the Bureau today is the current atmosphere in which the rights of individuals are given more emphasis by the public and the courts than the rights of the public itself. He thought any impediments placed on the Bureau in carrying out its investigative responsibilities, of course, would react against the best interests of the public at large. He stated the Bureau would necessarily have to discharge its responsibilities in as efficient a manner as possible regardless of handicaps.

It is believed that Mr. Morrell could adequately discharge the responsibilities of an Assistant Special Agent in Charge at this time and that he has excellent potentialities for further development.

By letter (attached) to Gordon A. Nease, Inspector in Charge, W. C. Sullivan Records and Communications Division, B. E. Hunsinger, Director, Benjamin Franklin University, requested certain information regarding our revised educational requirements for the Special Agent position. A review of this letter indicates that Mr. Hunsinger has obviously been misinformed since he states that it is his understanding that our qualifications have been raised to require graduates from a lower three years accounting experience. This is incorrect since a graduate of a regular four-year college with a major in accounting and with at least three years of accounting and/or auditing experience would qualify educationally for the Special Agent position. Mr. Hunsinger has a Form FD-257, a copy of which is attached.

which is furnished to any individual making inquiry regarding qualifications necessary to gain employment as a Special Agent. The Special Agent educational requirements are set forth on this sheet and state clearly that to qualify educationally for the Special Agent position an applicant must be a graduate from a resident law school or a resident four-year accounting school with at least three years of practical accounting and/or auditing experience. In addition, this form notes that graduates of law or accounting schools not requiring at least a resident junior college degree, or its equivalent of resident college work, as an admission prerequisite must have received at least a degree from a resident junior college, or its equivalent in resident college work, to be eligible for the Special Agent position. A resident college is one requiring personal attendance.

Hunsinger desires to know whether employees of the Bureau who began their preparation in accounting before the requirements were raised are affected by this change. The answer is yes. In addition, Hunsinger desires to know if an applicant who attends the three-year evening program leading to the degree of Baster of Commercial Science and an additional year of post graduate work leading to the degree of Master of Commercial Science and section of post graduate work to qualify under our four year requirement. The master complicated and to answer them by letter could welf change graditional questions to arise in his white. Over the years

The place, and the Benjamin Franklin University, have been en a meet a solid and compretive basis with the Bureau. It would appear to be to the Eureau's coverings and also to better answer Mr. Hunsinger's inquiries if the questions he has raised, as well as any other questions he might raise, to answered personally by SAD. C. Morrell, Chief, Applicant Recruitment Unit.

#### RECOMMENDATION:

It is recommended that authority be given to have SA Supervisor D. C. Morrell, Applicant Recruitment Unit, personally contact Mr. Hunsinger, Director, Benjamin Franklin University, and orally acknowledge and answer any inquiries that Mr. Hunsinger might have.

#### ASSISTANT DIRECTOR J. P. MOHR:

This write-up is for Inspector's use. Mr. Morrell has been in the Administrative Division since 3/16/53 and is Unit Chief of the Applicant Recruitment Unit, Personnel Section. As such, he has primary responsibility for all Bureau applicant matters in addition to supervising applicant correspondence, birth and marriage matters, maintenance employees' matters, and the clerk-agent ratio in the field. He was just promoted to GS-14 5/18/58 in view of the excellent manner in which he had handled the Unit Chief position on a trial assignment for more than 6 months prior thereto. Since his promotion, he has been subjected to no disciplinary action. Mr. Morrell's current status is excellent. He has a splendid future in the Bureau based on his performance to date, and he is definitely interested in and completely available for any and all assignments. I would have no hesitancy recommending him for a position as Inspector's Aide or Assistant SAC.

Status: Excellent

INSPECTOR IN CHARGE J. F. MANONE: Mr. Morrell was on annual leave during the greater part of the during the time that his unit was under active inspection. However, it was observed that he makes a very good personal appearance and that he is obviously intelligent. Mr. Morrell commands the respect of his associates and subordinates. The functions of the unit under Mr. Morrell's supervision are handled in a satisfactory manner, indicating that he is a capable administrator.

RECOMMENDATION: None . . . informative. G-500 Properties.

SUBJECT: SA DONALD C. MORRELL

Unit Chief - Applicant and Placement Unit

Administrative Division EOD 8-18-47; GS-14, \$11,355 Veteran; Not in Reserve

Not on Probation

The following is a brief, concise summary concerning Mr. Morrell for the Director's use.

Mr. Morrell entered on duty as a Special Agent 8-18-47, was subsequently assigned to the Charlotte, Atlanta and Washington Field Offices. He was transferred to the Administrative Division 3-16-53 and on 2-13-59 was designated Unit Chief of the Applicant and Placement Unit in this division. /He was promoted to Grade GS-14 on 5-18-58 and subsequently expressed appreciation for this promotion in a letter to the Director. During his service as an Agent Mr. Morrell has served as a Resident Agent and he is a qualified Inspector's Aide. On his 1958 annual performance report he was rated Excellent.

During his Bureau service he has been COMMENDED on six occasions and by letter of 1-6-54 APPRECIATION was expressed to him for a suggestion he submitted which was not adopted. He has been CENSURED as follows: 5-16-55 inasmuch as in connection with his preparation of a summary memorandum regarding a Bureau employee he caused a check to be made of Bureau files but limited his request to main files with the result he failed to determine pertinent information available in other files, and 7-26-56 inas much as it was necessary to request the resignation of a newly appointed Special Agent whom he interviewed and favorably recommended for Bureau employment.

On 9-10-58 Mr. Holloman interviewed Mr. Morrell and recommended he be considered for administrative advancement. Mr. Holloman stated he appeared to be above average in intelligence, reflected vigor in his personality, it was believed he would be excellent in making Bureau public appearances and Bureau contacts and SA Morrell was very anxious to advance  ${f as}$  far as possible in the Bureau. He was completely available and it was  ${f x}$ believed he could adequately discharge the responsibilities of an ASAC.

His daily average overtime for the last six months was as follows: October, 2 hours 37 minutes; November, 2 hours 30 minutes; December, 2 hours 28 minutes; January, 2 hours 36 minutes; February, 2 hours 28 minutes; March, 2 hours 29 minutes. adviced of com

As of February, 1959, he listed Seattle, Francisco as his offices of preference. FDH/dar (2)

FROM

SUBJECT:

REORGANIZATION OF PERSONNEL SECTION

In view of the designation of SA William S. Hyde as Assistant Personnel Officer, it will be necessary to replace him as Unit Chief of the Personnel Services Unit in the Personnel Section. I believe that by making certain changes in the organization of the units in the section we can fill this vacancy without requesting any additional agent personnel. The Personnel Services Unit consists of several subunits: the Classification Subunit; Personnel Actions Subunit, which handles principally personnel actions involving payroll changes, service record inquiries and related matters; the FBI Health Service and the Agent Physical Subunit, which handles all matters pertaining to the physical condition of agents and Bureau of Employees Compensation cases. In the past we have had three agent supervisors assigned to this unit in addition to Mr. Hyde, who served as Unit Chief. With the assignment of SA James B. Adams from this unit to inspection duties, the unit has been operating with three supervisors and this is definitely the minimum necessary to adequately supervise the work. Prior to his assignment to inspection duties, SA Adams had acted as the Unit Chief in Mr. Hyde's absence. The unit now has only two agents assigned, SAs Eugene W. Walsh and SA Walsh supervises the Classification Subunit and SA supervises the Personnel Actions Subunit. It will therefore be absolutely necessary to assign an agent to supervise the Health Service and Agent Physical Subunits.

THE PARTY OF THE In designating a new unit chief it is essential that he be fully familiar with all phases of the operations of the unit, of course, but it is particularly onecessary that he be thoroughly qualified in classification matters since these are nightly technical and require very specialized knowledge. SA Walsh appears to be the logical candidate since he is an expert in classification matters and has, in fact, acted as unit chief since SA Adams' reassignment, in the absence of Mr. Hyde.

SA Walsh entered on duty June 1, 1942, is in grade GS 14, \$12,075, 41 years old and has had an excellent Bureau record. He had considerable experience supervising the administrative phases of work in the New York Office prior to his assignment to the Administrative Division in July, 1956. He has been commended on a number of occasions and has received no disciplinary action since a censure in July, 1955. Inspector W. C. Sullivan interviewed him in July, 1958, and stated that Walsh was interested in advancing administratively including field executive positions and Mr. Sullivan felt that Walsh was wholly qualified for such advancement because of excellent appearance, positive personality and extensive supervisory experience

Inspector H. L. Edwards and I have both worked closely with Mr. Walsh and we both excess with Impector Sullivan that Walsh has excellent potential for administrative advancement. Designating him as Unit Chief will not entail any charge in grade or calary.

In order to secure an agent with suitable experience in the work of the unit to supervise the Agent Physical Subunit and the Health Service, I propose that the present Applicant Recruitment Unit and Housing, Testing and Placement Unit to consolidated. There are at present three agent supervisors assigned to the Applicant Recruitment Unit: SA Donald C. Morrell, Unit Chief, SA Harold N. Bessett, and SA Lyle D. Hunzeker. This unit handles Bureau applicant interviews and correspondence and supervises Bureau applicant investigations.

The Housing, Testing and Placement Unitles two agents assigned, SAG William B. Hershey, Unit Chief, and William E. Leishear. This unit occupies space contiguous to that of the Applicant Recruitment Unit and the work of the two units is closely interrelated, since both units are concerned with filling vacancies which cour, the Applicant Recruitment Unit by appointment of new employees and the Placement Unit through transfers and reassignments within the Bureau. I feel that by consolidating these two units we could release one of the five agents now assigned to them for assignment to the Personnel Services Unit. Since this consolidation will eliminate one wait chief position, I feel that SA William B. Hershey should be reassigned to the Personnel Services Unit since he previously supervised the Agent Physical Subunit and Health Service prior to the creation of the Placement Unit and did an excellent job in supervising physical matters. He also had extensive experience in handling mail on the desk of the unit chief in the Personnel Services Unit and is thoroughly familiar with the work of that unit, although he does not have the detailed knowledge of classification matters possessed by SA Walsh. I do feel that SA Hershey could handle the Unit Chief's desk adequately in Walsh's absence. SA Hershey entered on thety April 1, 1941, is in grade GS 14, \$11,595, and has an excellent record. His outmtanding appearance, and his enthusiasm, are his cutstanding qualities, and I believe he does have potential for advancement.

I feel SA Donald C. Morrell, Unit Chief of the Applicant Recruitment Unit, should be placed in charge of the new Applicant and Placement Unit. Morrell entered on duty August 18, 1947, is in GS 14, \$11,355, and has had an excellent record. He is aggressive, exercises sound judgment and I feel presents excellent potential for further advancement.

# RECOMMENDATIONS:

1. That SA Eugene Wi Walsh be designated as Unit Chief of the Personnel Services Unit with no change in grade or salary.

- 2. That the Applicant Recruitment and Housing, Testing and Placement Units be consolidated to be known as the Applicant and Placement Unit.
- 3. That SA William B. Hershey be reassigned to the Personnel Services Unit with no change in grade or salary to supervise the Agent Physical Subunit and the Health Service and to act as Unit Chief in SA Walsh's absence.

4. That SA Donald C. Morrell be designated as Unit Chief of the alderice 2113 new Applicant and Placement Unit at no change in grade or salary.

Special Agent

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

DONALD C. MORRELL Unit Chief Applicant and Placement Unit

#### PART I GENERAL COMMENTS

SA Morrell was acting Unit Chief from April 1, 1958, to May 15, 1958; from May 15, 1958, until February 12, 1959, he was Unit Chief of the Applicant Recruitment Unit and since February 12, 1959, he has been Unit Chief of the Applicant and Placement Unit. He has responsibility for all phases of applicant recruiting, the processing of maintenance employees, the clerkagent ratio, applicant correspondence, field eligibility lists during the entire rating period and since February 12, 1959, he has also been responsible for clerical placement and transfers and housing and testing matters as Unit Chief.

SA Morrell has an excellent personal appearance, is always very well dressed and has a very pleasant but forceful personality. He exhibits an ability to think quickly, to express himself concisely, to analyze situations properly and to carry things through to a logical conclusion. His over-all judgment can be classified as above average. He is well experienced in the over-all work of the section and has shown the ability to rapidly assume control and direction of the new duties added to the unit supervised by him. His over-all performance during the rating period has been above average.

He has constantly been alert to devising new and more effective operational procedures. He has the respect of his subordinates in the unit because of his over-all knowledge of the unit's operational procedures. He has assisted on a regular basis in reviewing outgoing mail in the Front Office of the Personnel Section and in such assignments has demonstrated an excellent alertness and maturity of judgment. He is enthusiastic in his approach to problems and has consistently demonstrated an over-all awareness of the Bureau's applicant problems.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. morandum · UNITED STATES GOVERNME DATE: 12/16 L TAVEL A OFFIL BERTICE COMMISSION EXECUTE CONFERENCE DERAL BEALTH PROGRAM Bureau in receipt of a memorandum from Personne from the Department of Justice, dated 12/18/55 se of names of our employees who should attend a training conference scheduled the Civil Service Commission 1/28/60 for Government employees who will have recommendatives in their agencies under the Federal Employees Health Benefits Program which goes into effect July 1, 1960. This is the program under which employees can obtain government subsidized medical and hospitalization benefits. of the Department attendance will be limited According to to 200 and there will probably be more people wanting to go than can be accommodate said the conference should be of value principally to (1) those employees who will be counseling others concerning how to fill out the forms necessary to apply for coverage; (2) those with overall administrative control and responsibilities and (3) those responsible for publicizing the program among employees so that they will have exough information to make a choice of the various optional benefit plans. feels that by 1/28/60 the Commission will have most of the pertinent details desided and that the conference will therefore be quite informative. stated that in submitting the names of our representatives we should state their grade and title and indicate the connection they will have with the operation of the health program in the FBL. It may be noted that arrangements have been made with of the Commission's Bureau of Retirement and Insurance to forward to us whatever pertinent written instructions and other material pertinent to the program may be issued by the Commission. 1-1789011 RECOMMENDATION: FX 117 It is recommended the attached memo be sent to the Bureau's representatives to the training conference 1/28/00, SA Lyle Hum whose Unit will be most directly involved with the administration of the program: SAD. Special Agent

Unit Chief - Applicant and Placement Unit

Administrative Division

EOD 8-18-47 GS 14, \$11,595

Veteran; Not in Reserve

NOT ON PROBATION

In memorandum March 3, 1960, Mr. DeLoach pointed out that during the Inspection of Crime Records Division February, 1960, it was recommended and approved that the Crime Research Section because of its heavy responsibilities, the 102 employees and tremendous flow of mail, be divided into two sections. He recommended that SA Morrell be considered for the position of Section Chief of the new section created, the Correspondence and Tour Section, Crime Records Division.

Mr. DeLoach stated that serious consideration had been given to advancing one of the Agents currently assigned to the Crime Research Section several of whom he thought were qualified. However, he concluded that SA Morrell was superior to other candidates in aggressiveness and meticulous attention to detail which are needed in this position. Mr. DeLoach considers SA Morrell outstanding in these respects.

SA Morrell entered on duty 8-18-47, is in GS 14 \$11,595, 41 years old, married with two children and has degrees of Bachelor of Arts and Bachelor of Laws. He served in three field offices including Resident Agency experience prior to being assigned to the Administrative Division in March, 1953. Since then he has been assigned to the Personnel Section and has served in several units, his present position being Unit Chief of the Applicant and Placement Unit. In this unit he has supervised the preparation of a large volume of applicant correspondence. SA Morrell has had an excellent Bureau record having served as a Relief Supervisor in the Washington Field Office and he has an excellent knowledge of overall Bureau policy. His file reflects that he is energetic, aggressive, forceful and displays outstanding initiative. He does not wait to be told what to do, is highly intelligent, mature, well-balanced and uses excellent judgment. He has displayed above average leadership

qualities, is fair but firm in dealing with subordinates and is respected by them. He is constantly looking for ways to streamline and improve procedures, handles matters vigorously and promptly and is constantly driving to get the job done. He has been censured on only two occasions, once in 1955 for having failed to secure a complete file check and in 1956 for having favorably recommended a Special Agent applicant who did not develop favorably. He has been commended on a number of occasions, is intensely interested in advancement and was recommended as qualified for advancement by Mr. Holloman when interviewed by him in 1958.

SA Morrell has a splendid attitude and is extremely loyal to the Bureau and places its interest foremost. He has an excellent vocabulary, writes easily and his file reflects numerous comments indicating his paper work is above average. He is within desirable weight limits.

I have worked with SA Morrell and supervised his work and I personally feel that he would be an excellent choice for this position.

Dear Mr. Davidson:

The splendid attitude displayed by your associates in the Personnel Section in connection with the handling of a special project this past weekend was indeed noteworthy and I want to express my appreciation.

I am aware of the severe weather conditions which existed and that despite this hardship the personnel reported for duty. I am taking this means to commend all who took part for their exemplary loyalty and devotion to the work of the Bureau. You should read this letter to all the employees who assisted in this matter and advise them a copy is being placed in their personnel files.

SUBJECT: ERIENTATION LECTURE FOR METERS

GIVEN BY ADMINISTRATIVE DIVISION

BUREAU POLICIES, RULES AND REGULATIONS

Enclosed are copies of an outline covering captioned matter to replace the narrative lecture notes previously utilized in presenting a two-hour lecture (on two separate days) during the two-day indoctrination period of new clerks. The outline consolidates a number of closely related matters, brings up-to-date information where appropriate and adds pertinent additional material such as the Blood Donor Program.

Previously this lecture has been primarily assigned to SA Supervisor Hershey for presentation to the new clerks with alternates SA Supervisors Leishear and Hunzeker. Since the Applicant and Placement Unit is primarily concerned with matters covered during the two-day indoctrination course afforded all clerks it is felt appropriate this orientation lecture should be the primary responsibility of the Applicant and Placement Unit.

It is being recommended that SA Supervisor Hunzeker be assigned the responsibility of presenting the enclosed orientation lecture with SA Supervisors Morrell, Leishear and Bassett as alternates.

RECOMMENDATION: That the enclosed orientation lecture outline be approved and that SA Supervisor Hunzeker be assigned the responsibility of presenting the lecture during the two-day indoctrination course for new employees with alternates as SAs D. C. Morrell, W. E. Leishear, and H. N. Bassett.

HAROLD P. LEINBAUCH, Special Agent, Recommended No. 3 Man. Front Office

EA Leinburgh has been acting as No. 3 Man since 11/16/59. He has been assigned to the Seat of Government since January, 1952. He has a favorable though not robust personal appearance. He has a very good personality and is particularly well-suited for contact work, which he handles in a tactful and diplomatic manner. He is a "volume man" and handles a large amount of work on a daily basis. He prepares correspondence in an especially good manner. This agent constantly makes good suggestions for the improvement of this division as well as work in other divisions.

SA Leinbaugh was censured by letter dated 2/8/60 because of being reviewer of 12 pieces of mail in which nonsubstantive errors appeared. His performance covered a period of time from July, 1959, to February 4, 1960. It is noted that he reviews the major portion of routine signature mail in the Crime Records Division Front Office. As an example, the average volume of signature mail per week stace July, 1959, has been approximately \$75 pieces.

This agent has been commended by outside sources on a number of occasions since acting as No. 3 Man in the Crime Records Division Front Office.

In view of his satisfactory performance, it is tecommended that he be confirmed as the No. 3 Man. Crime Records Division Front Office.

performed splendidly in editing the _aw Enforcement Bulletin and The Investigator as Unit Chief of the Tublications Unit, Crime Research Section. We has the interest, knowledge, and experience which enables me to use him on many important special assignments. He has performed very commendably in his acting especity as No. 1 Man of the Crime Research Section. Helm has been in this section since January 0, 1952.

In view of his satisfactory performance in an acting capacity since U/16/59, it is recommended he be confirmed as No. 1 Man, Crime Research Section, Orime Records Elvision.

Correspondence and Tours Section, Crime Section Chief,
Correspondence and Tours Section, Crime Seconde Division
Faring the inspection of the Crime Seconde Division, February,
1960, it was recommended that the Crime Seconde Section, because of its
heavy responsibilities, approximately 102 employees, and tremendous flow of
mail bedivided into two sections. It is recommended at this time that SA Donald
C. Forrell be considered for this position.

Serious consideration has been given to advancing one of the current agents assigned to the Crime Research Section. Many are qualified and could handle this position. It is felt, however, that the promotion of SA Mofreil to this position will afford aggreenty eness and the meticulous attention to detail which is needed in this position. He is outstanding in this regard.

SA Morrell is currently assigned to the Administrative Mission to which he reported 3/16/53. His past experience has consisted of applicant recruiting, processing of maintenance employees, a considerable volume of applicant correspondence, and Unit Chief in Charge of Clerical Placement, Transfers, and Housing and Testing Taiters. This agent makes an excellent personal appearance, has a pleasing out forceful personality. He thinks quickly, expresses himself concisely, and analyzes situations in a proper manner. He has good overall judgment. He assumes rapid control and is alert to devising new and more effective operational procedures. Assistant Director Callahan recommends this yent most highly.

In view of SA Morrell's past performance, it is suggested that he be immediately placed in charge of the new Correspondence and Tours Section, Crime Secords Division.

EOD 8-18-47, GS-14, \$11,595

Veteran; Not in Reserve

Not on Probation

The following is a brief and concise summary of Mr. Morrell's record for the Director's use.

By letter of 3-8-60 he was advised of his designation as Section Chief of the Correspondence and Tours Section of the Crime Records Division, with no change in grade or salary. This is a newly-created section resulting from approval during the recent inspection of the Crime Records Division that the Crime Research Section of that division be divided into two sections because of it's heavy responsibilities and tremendous flow of mail.

In his position as Chief of the newly-created Correspondence and Tours Section of the Crime Records Division, Mr. Morrell will be in charge of Bureau correspondence (including routine and special letters and form mail) and also Bureau tours. He will have under his supervision 8 Special Agent Supervisors and approximately 47 clerical employees.

Mr. Morrell entered on duty as a Special Agent on 8-18-47, was subsequently assigned to the Charlotte, Atlanta and Washington Field Offices He was transferred to the Administrative Division on 3-16-53 and on 2-11-59 was designated Unit Chief of the Applicant and Placement Unit in the Administrative Division. On 3-8-60 he was designated Section Chief of the Correspondence and Tours Section of the Crime Records Division. promoted to Grade GS-14 on 5-18-58 and subsequently expressed appreciation for this promotion in a letter to the Director. During his service as an Agent Mr. Morrell has served as a Resident Agent and is a qualified Inspector's Aide.

Since January, 1958, he has been COMMENDED on two occasions, the last being on 2-18-60, through C. R. Davidson, for his participation in connection with the handling of a special project this past weekend. During this same period he was not censured. On 3-31-59 Mr/ATavel rated him EXCELLENT

In connection with a summary of SA Morrell's record for the Director's use which was previously prepared under date of 4-10-59, the Director noted "He certainly failed to grasp the proper viewpoint re utilizing stenogs in the Field who because of family reasons have to resign here." On 4-10759 Mr. Morrell was advised of these comments. memoria, The selected

#### MEMORANDUM FOR MR. TOLSON

Un March 11, 1960, I saw Special Agent Donald C. Morrell, Section Chief in the Crime Records Division who has just been designated in charge of Correspondence and Tours.

Mr. Morrell called to express his appreciation for the designation and the challenge which he believes his assignment offers him.

I told Mr. Morrell that as he probably knew, I had not been entirely satisfied with the manner in which correspondence has been coming through from the Crime Records Division nor as to the entire handling of tours, and it was his responsibility to 'dig' into the section and see there was a thorough streamlining in all aspects.

Very truly yours,

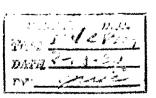

John Edgar Hoover

#### PART I GENERAL COMMENTS

During the major portion of the rating period (April 1, 1959, to March 11, 1960.) Mr. Morrell was assigned to the Personnel Section of the Administrative Division as Chief of the Applicant and Placement Unit. In that capacity he supervised and directed the Bureau's extensive applicant recruitment program, its placement program, housing matters, and other miscellaneous functions. He possessed a detailed knowledge of all matters coming under his jurisdiction and was thoroughly versed in policy and procedural matters. Mr. Morrell is always neatly attired and makes a splendid personal appearance. He has an engaging yet forceful personality and is unusually adept in expressing himself in clear concise language. He is an exceptionally fine lecturer and displays excellent poise and selfconfidence. He has appealing mannerisms and makes a most favorable impression on those with whom he comes in contact. Mr. Morrell is a well-read, well-informed, alert, intelligent, and capable supervisor who has made an extensive study of all facets of work supervised by him. As a consequence, he has been able to handle an exceptionally large volume of work, much of which dealt with policy, with speed and competence. His opinion is highly respected and he has the ability and capacity for rapidly analyzing involved problems arriving at sound and logical conclusions. He is a very energetic person with tremendous enthusiasm and desire to carry out his responsibilities with maximum efficiency. He has always conducted himself in the manner that would bring credit on the Bureau. As secretary of SAMBA he has handled the heavy responsibilities in connection with the conversion of this hospitalization program to the new Federal Employees Health Program which goes into effect July 1, 1960. He has made a detailed study of all the ramifications of the new program and has been considered the Bureau's foremost authority on matters relating thereto.

This Agent commands the respect of his superiors, his associates, and subordinates. He is a clear thinker, is solid in his reasoning, and most persevering in his determination to realize his well-thought-out objectives. He has been an exceptionally valuable administrator in the Personnel Section and the unit to which he was assigned has benefited materially from his capable and judicious supervision.

The foregoing information was supplied by his former superior, C. Ray Davidson of the Personnel Section, Administrative Division.

Since his assignment to the Crime Records Division on March 14, 1960, as Chief of the newly organized Correspondence and Tours Section, although completely new in this type of work, Mr. Morrell has performed very satisfactorily thus far. He is conscientious, eager to learn, and a "bulldog" in his tenacity to do things according to Bureau policy. He has made excellent progress thus far.

Dear Sir:

I am enclosing a reprint of a section of the 1959 Occupational Outlook Handbook. I want to thank you for the generous assistance you and your organization provided in connection with its preparation. Without the active interest and wholehearted cooperation we have had from industry, unions, professional societies, universities, government agencies, and many others, the Handbook could not have been written.

As you know, the Handbook is a comprehensive summary of the employment opportunities in the United States. The 1959 edition covers 30 major industries and nearly 600 occupations. It is widely used in vocational guidance in high schools and colleges, State employment service offices, the Veterans Administration, and other agencies that provide counseling services. In addition to the Handbook itself, reprints of each section are available to the public as indicated in the enclosed publications list.

Sincerely yours,

Ewan Clague

OCCUPATIONAL OUTLOOK REPORT SERIES

Reprints from the

1959 OCCUPATIONAL OUTLOOK HANDBOOK Bulletin No. 1255-29

#### Nature of Work

Federal Bureau of Investigation (FBI) agents investigate many types of violations of Federal law, such as bank robberies, kidnapings, frauds against the Government, thefts of Government property, and cases of espionage or sabotage. Altogether, the FBI has jurisdiction over some 150 Federal investigative matters, and each agent may be assigned to work on any one of them. However, agents with specialized training in accounting are likely to be assigned chiefly to cases involving complex financial records; for example, frauds involving Federal Reserve Bank records. An agent can never be certain what his day will be like or where an assignment will lead him. He is subject to call 24 hours a day, and he must be available for assignment at all times.

Owing to the highly sensitive nature of the FBI's work, agents may not disclose information gathered during the course of their official duties to any unauthorized persons, including members of their families. The FBI is primarily a factgathering and fact-reporting agency; therefore, its agents function strictly as investigators, and they do not make recommendations pertaining to prosecution, express opinions concerning the guilt or innocence of suspects, or issue "clearances."

Under ordinary circumstances agents wear regular business suits. They generally work alone and must maintain continual contact with their superiors by radio or telephone. Two or more agents always are assigned to handle ar-

rests, raids, and other duties in which an actual or potential danger exists.

#### Where Employed

Most of the more than 6,000 FBI agents employed in early 1958 were assigned to the Bureau's 50 field offices located in major cities throughout the Nation. The remainder worked

public and conducting investigations. All the tests except the physical examination are given by the FBI. In addition, exhaustive background and character investigations are conducted on all applicants. All appointments are made on a probationary basis and become permanent after 1 year of satisfactory service.

Each newly appointed agent is given 13 weeks of training before he is assigned to a field office. During this period, he becomes familiar with FBI rules, regulations, and investigative procedures; with other Government procedures; with defensive tactics; and with laboratory work, fingerprinting, and the firearms normally used by the FBI. After he is assigned to a field office, the new agent works closely with an experienced agent for a period of about 2 weeks before he qualifies for independent assignments. All higher grade positions are filled from within the ranks of FBI agents. It is possible, therefore, for an out of offices in Alaska, Hawaii, and Puerto Rico or were stationed at FBI headquarters at the U.S. Department of Justice, Washington, D.C. In addition to the field offices, there are FBI resident agencies, staffed by small numbers of agents, in many cities and towns across the United States. These agencies facilitate the prompt and economical handling of all investigative matters which are within the FBI's jurisdiction.

#### Training and Other Qualifications

Only graduates of accounting schools or resident law schools are eligible for appointment as FBI agents. Accounting graduates must also have had at least 3 years of practical experience in accounting or auditing or a combination of both. All applicants must be male citizens of the United States, between the ages of 25 and 40, and willing to serve anywhere in the United States or its territories. Furthermore, they must be at least 5 feet 7 inches tall; have unimpaired hearing, excellent vision and normal color perception; be capable of strenuous physical exertion; and have no physical defects which would prevent the use of firearms or the participation in dangerous assignments.

Applicants must pass a rigid physical examination as well as written and oral tests covering law, accounting, and aptitude for meeting the experienced agent to advance to more responsible administrative and supervisory positions, such as field supervisor, special agent in charge of a field office, and inspector.

#### **Employment Outlook**

Opportunities to become an FBI agent in the early 1960's probably will be limited to filling vacancies which arise. The FBI is a career service and its rate of personnel turnover traditionally has been lower than that of private industry and the Government as a whole. Accordingly, unless there is a substantial increase in the FBI's work which will require expansion of its investigative staff, it is not anticipated that many vacancies for agents will arise in the immediate future,

#### Earnings and Working Conditions

The entrance salary for FBI agents was \$6,505 in the middle of 1958. This was somewhat higher than the usual starting salary for college graduates entering Federal employment. FBI agents, like other Federal employees, can advance in grade as they gain experience and also receive periodic within-grade salary raises if their work performance is satisfactory. The top salary for regular field agents was \$11,090 in 1958; agents in supervisory and administrative positions received higher salaries.

Agents are subject to call 24 hours a day. They frequently work longer than the customary 40-hour week. If overtime averages as much as 6 hours a week, agents receive a flat amount of extra pay—\$897 annually. They have paid vacations and sick leave, and annuities on retirement. Some aspects of the FBI agent's work are adventuresome; he travels frequently and meets all kinds of people. The work is potentially dangerous and involves a great deal of responsibility.

#### Where To Go for More Information

Additional information and application forms may be obtained by writing to Federal Bureau of Investigation, U.S. Department of Justice, Washington 25, D.C. EDITOR'S NOTE: To follow up on references to page numbers, indexes, or other fields of work, see the 1959 edition of the Occupational Outlook Handbook.

#### OCCUPATIONAL OUTLOOK REPORT SERIES

This is one of a series of reprints from the 1959 edition of the Occupational Outlook Handbook (BLS Bull. 1255, price \$4.25).

The Handbook describes the employment outlook, training requirements, and earnings and working conditions in over 600 occupations.

A list of all the Handbook reprints and their prices will be found on the back cover of this publication.

The Handbook was prepared by the U.S. Department of Labor's Bureau of Labor Statistics with the cooperation of the Bureau of Employment Security, Women's Bureau, Bureau of Apprenticeship and Training, and Bureau of Labor Standards of the Department of Labor; the Veterans Administration, the U.S. Department of Agriculture; and the U.S. Department of Health, Education, and Welfare.

Users of the Handbook can keep up to date on current developments by reading the Occupational Outlook Quarterly, a periodical issued four times yearly; subscription price \$1 a year. The Handbook, reprints, and subscriptions to the Occupational Outlook Quarterly may be purchased from the Superintendent of Documents, Washington 25, D.C., or the regional offices of the Bureau of Labor Statistics listed on the back cover.

DONALD C. MORRELL Section Chief Correspondence and Tour Section

#### PART I GENERAL COMMENTS

Special Agent Morrell was assigned to the Crime Records
Division in the capacity of Section Chief, Correspondence and Tour Section as
of 3/14/60. This is a 60-day report on his performance thus far in the capacity
of Section Chief. Although completely new in this type of work, Mr. Morrell
has performed very satisfactorily. He is conscientious, eager to learn and
a "bulldog" in his tenacity to do things according to Bureau policy. He has made
excellent progress thus far.

Mr. Morrell is obviously well-read, alert, intelligent and a person who inspires enthusiasm in the personnel who work for him and around him. He has a good capacity for rapidly analyzing problems and arriving at sound conclusions. His performance is definitely considered to be excellent thus far.

#### PART II SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given

Not applicable.

2. Experience and Ability as Inspectors' Aide

Qualified Inspectors' Aide but served on no inspection during rating period.

3. Participation in Informant Program

Not applicable.

4. Testifying Experience and Ability

No opportunity to testify during rating period but has had testifying experience in the past.

5. Disciplinary Action

Not applicable.

6. Accounting Information

Not applicable.

7. Police Instruction

Not applicable.

8. Sound Training

Not applicable.

9. Resident Agent

Not applicable.

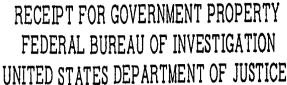

10. Foreign Language Ability

Not applicable.

11. Administrative Advancement

Is Agent (a) interested in  $\underline{X}$  Yes - No), (b) completely available for  $(\underline{X}$  Yes - No), and (c) considered completely qualified at present for administrative advancement including experience, ability, personality, and appearance?  $\underline{X}$  Yes - No.

SA Morrell has all of the attributes for rapid advancement in the Bureau's service. He is intensely interested, is completely available, and has the necessary intelligence, personality, and loyalty for assuming greater responsibilities either at the Seat of Government or in the field.

SA DONALD C. MORRELL

Section Chief

Correspondence and Tours Section

Crime Records Division

EOD 8/18/47, GS 14, \$11,595

will patelle

As a result of the inspection of the Crime Records Division in February 1960, the Crime Records Section was split into two sections, the Crime Research Section of which Mr. M. A. Jones is Section Chief, and the Correspondence and Tours Section of which Mr. Morrell was designated Section Chief on 3/8/60. Mr. Tolson instructed at the time of his designation that he was not to be reallocated for at least six months, but since SA Morrell has taken hold of his new duties in excellent fashion, as reflected by the performance rating of May 16, 1960, and since SA Jones is being recommended for GS 16 by separate memo, it is felt that SA Morrell should be reallocated to GS 15 at this time. He has been in grade GS 14 since 5/18/58.

Morrell entered on duty 8/18/47, is in GS 14, \$11,595, 41 years old, married with two children and has degrees of Bachelor of Arts and Bachelor of Laws. He has been assigned to the Seat of Government since March 1953, having previously served in the Administrative Division as Unit Chief of the Applicant and Placement Unit. He has an excellent Bureau record, having only been censured twice, in 1955 and 1956. He has been commended on a number of occasions, is intelligent, alert, possessed of a quick mind, and is determined to do the best possible job. He is energetic, aggressive, forceful and displays outstanding initiative. The Director saw him on \$11/60 but made no personal comment. As Section Chief of the Correspondence and Tours Section, he has 8 Special Agent supervisors and approximately 47 clerical employees under his supervision.

In connection with a summary of SA Morrell's record for the Director's use which was prepared on 4/10/59, the Director noted "He certainly failed to grasp the proper viewpoint re utilizing stenogs in the field who because of family reasons have to resign here." Morrell was advised of these comments. On his 1960 annual performance rating Morrell was described as making a splendid personal appearance, and having an engaging yet forceful personality. He is an exceptionally fine lecturer and displays excellent poise and self-confidence. He is a clear thinker and an exceptionally valuable administrator. In a special rating on 5/16/60 Mr. DeLoach rated him excellent as a Section Chief, and stated he is conscientious, eager to learn and a "bulldog" in his

tenacity to do things according to Bureau policy. He stated Morrell has made excellent progress thus far, and is obviously well read, and a person who inspires enthusiasm in the personnel who work for him and around him. He has a good capacity for rapidly analyzing problems and arriving at sound conclusions. Mr. DeLoach felt that he is completely qualified at present for administrative advancement and has the necessary attributes for rapid advancement and assuming greater responsibilities. He is within desirable weight limits.

Dear Mr. Hoover:

Last evening I received your most welcome letter advising of my reallocation, and I want to take this opportunity to express my sincere thanks.

My new assignment has been one of the most interesting and challenging periods during my service with the Bureau. While I would have liked to personally tell you of my appreciation, I realize the tremendous demands on your time at this particular moment and do not want to impose upon you further.

Please be assured that I will do everything in my power and to the best of my ability to warrant this confidence you have placed in me.

Sincerely yours,

I thought I should call to your attention the very fine work the Messrs. Morrell and Anderson have done in the past and up to the present time in connection with SAMBA. Mr. Morrell was new this year in the SAMBA organization and accepted his duties as Secretary as a real challenge and made it a point to learn everything he could about the new Government Health Program. He attended meetings at the Civil Service Commission and contributed not only his expert knowledge which he acquired, but a considerable amount of his own time to see that the program got underway in a capable manner.

Mr. Anderson, Treasurer, has done yeoman service and in addition to maintaining close liaison and contacts with the local SAMBA people, he also maintained close, coordinated contact with the people at Prudential. He also attended numerous meetings at the Civil Service Commission and he, too, has qualified as an expert in connection with the new Government Employees Health Program. Mr. Anderson also was responsible in helping Mr. John Donovan, the new Manager of SAMBA, to reorganize their records system and bring it up to date. Under the circumstances, I feel that Messrs. Morrell and Anderson justly deserve letters of commendation from the Director for their splendid contributions to our employee health organization, SAMBA. Appropriate letters to them are attached.

ADMISSION DIAGNOSIS: DEFLECTION NASAL SEPTUM

#4050

DISCHARGE DIAGNOSES: DEVIATION NASAL SEPTUM

**非4050** 

SURGICAL OPERATIONS: Septectomy

#120

### SUMMARY:

This 44 year old Caucasian male, FBI Agent, was admitted to the ENT Service for elective surgical correction of a deviated nasal septum.

He had a history of a broken nose three times in the past. He has had difficulty breathing, especially at night over the past several years.

The remainder of his general health has been very good. He has no known allergies and the remainder of his past history and review of systems is noncontributory.

Physical examination was within normal limits, except for a deviated nasal septum to the right which almost completely occlude the right airway.

Routine laboratory work of a CBC, urinalysis, and chest x-ray were within normal limits.

Hospital course: On 5-16-63 a routine submucous resection was carried out under local anesthesia. The patient had a syncopal attack at the starting of the procedure. Due to the marked bony deflection in the nasal septum the nasal mucosa was torn in several places. It is felt that this patient may end up with a permanent perforation in the posterior part of the nasal septum. The patient had an uneventful postoperative course and is now felt to be fit for discharge to be followed in the outpatient clinic.

RE: SA Donald C. Morrell
(Type or print plainly)

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Relationship Name 9 - 7 - 60Elizabeth H. Morrell wife Address 5516 Charlcote Road, Bethesda, Maryland The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty, other than travel accidents. Relationship Name 9-7-60 Elizabeth H. Morrell wife Address 5516 Charlcote Road, Bethesda, Maryland

Very truly yours,

Special Agent

Dear Mr. Morrell:

It is noted that in the recent past you have failed to detect a number of errors in outgoing correspondence which you reviewed and approved. Your failure to discover these mistakes and have them corrected indicates a need for greater care on your part in reviewing official correspondence.

You should make every effort in the future to eliminate any errors in mail reviewed by you so that such correspondence may be completely accurate.

Very truly yours.

Duar Mr. Morrell:

I want to commend you and, through you, personnel in the Correspondence and Tours Section for the superior manner in which you are handling your duties relative to the Bureau's present drive against the child molester.

An unusually large number of requests have been and are continuing to be received for copies of a poster used in this far-reaching program and they are being handled in a very prompt, efficient and courteous manner by you and your associates. You are rendering a real service to the country and to the Bureau and I am most appreciative of the capable work which all of you are doing.

The Contraction

BY JAN LU THE

# Jones to DeLoach Memo CHILD MOLESTER CASES

- (5) A one-page statement and copy of the poster were sent to each of the approximately 500 television stations in the country and this technique has resulted in many requests for the poster. In addition, many stations are conducting coloring contests through TV children's programs. For example, Station WLOS-TV in Greenville, South Carolina, is having a contest for children in the six states covered by the station. (Exhibit 3)
- (6) Distribution of 11,000 two-column newspaper mats to smaller newspapers across the country which are not equipped to run "plates" or use photographs.
- (7) A special statement by the Director on this crime problem distributed to the Special Correspondents' List. This has proved to be the most successful outlet. The individuals on this list are generally executives, heads of concerns, or in important positions; and primarily they are Bureau supporters. Through efforts of persons on the Special Correspondents' List, the poster is being disseminated throughout entire school systems, such as in Baltimore, Phoenix, Indianapolis, Cincinnati and Tucson. (Exhibit 4)

### OBSERVATIONS:

- (1) The public relations and good will value of this program to the Bureau is immense. It is positive action by the FBI in crime prevention, has great human interest appeal in connection with the welfare of children, is a prime example of FBI cooperation with local law enforcement. These posters reaching the schools and homes of the Nation are amassing public confidence and gratitude for the Director and the FBI.
- (2) The child molester is being spotlighted for what he really is—a vicious menace, and public attention to this fiend will crystallize the seriousness of his crime. It is felt that the Bureau's program will put an end to the "slap on the wrist" treatment of these vultures who prey on children.
- (3) This program is enlisting the active and spirited cooperation of many television stations, individuals on the Special Correspondents' List, and of newspapers as well as citizens. It is believed that in future endeavors by the Bureau, similar support can be expected as a result of this project.

Jones to DeLoach memo CHILD MOLESTER CASES

(4) In addition to the large volume requests for distribution of the poster to schools and children's groups, the number of individual requests from our own employees and from citizens for posters for their own children is surprisingly heavy.

### RECOMMENDATION:

For information.

### ADDENDUM: CDD:fml (12-27-60)

The original idea for this poster came from Special Agent Lawrence J. Heim of the Crime Research Section, and he was commended by the Director on September 26, 1956. The poster was run in the Law Enforcement Bulletin, and the September, 1956, and September, 1957, LEB editorials dealt with this subject.

Heim also initiated and formulated the present drive against the child molester. He prepared special statements used in the drive and directed distribution of the various items mentioned in this memorandum.

From a public relations standpoint and from the aspect of scope, this poster has probably resulted in the largest distribution of material, and has been the most far-reaching project of its type in the Bureau's entire history. Heim not only demonstrated great initiative and originality in connection with this poster in 1956, but he seized the initiative in connection with the current situation and has done a most outstanding job.

(See next page)

# Jones to DeLoach memo (Addendum) CHILD MOLESTER CASES

I desire to make the following recommendations:

(1) In view of the fine work of this Agent in connection with this matter, it is felt that SA Heim again be commended.	
· Line in the contraction of	
(2) The Mechanical Section under Special Agent Raymond C.  Renneberger has, of course, prepared the posters and aided materially in their distribution. Clerks and of the Supply Section of the Administrative Division have been particularly valuable, and, of course, much credit goes to of the Printing Unit of the Mechanical Section, which, of course, prepared the poster in huge	b6 b7C
quantity. It is recommended that SA Renneberger be commended and that the names of and be mentioned specifically.	
(3) The Correspondence and Tours Section under Special Agent Donald C. Morrell has functioned magnificently in the handling of the large volume of requests for copies of this poster. It is felt that Special Agent Morrell should be commended in this connection, and that specific mention should be made in his letter of clerks and who handled the physical distribution of the posters, and Special Agent who have functioned in an outstanding manner in the processing land handling of dictation concerning these numerous requests.

Mr. Donald C. Morrell Federal Bureau of Investigation Washington, D. C.

Dear Mr. Morrell:

I am indeed pleased to commend you for the outstanding attitude you exhibited in reporting for duty today despite the extremely hazardous travel conditions.

You demonstrated a most exemplary devotion to the work of the FBI in considering your services so essential that, in spite of an announcement that all Federal Government agencies would be closed, you reported for duty. I certainly appreciate your dedicated efforts and I want you to know I have instructed that a copy of this letter be placed in your personnel file.

The Honorable J. Edgar Hoover, Director, Federal Bureau of Investigation, Department of Justice, Constitution Avenue and Tenth St., H.V., Washington 25, D.C.

My dear Director:

On behalf of the Men of St. Columba, an organization of St. Columba's Episcopal Church of this city, I wish to extend our sincerest appreciation for the fine talk given by Special Agent Donald C. Mormell at our meeting of October nineteenth.

Mr. Morrell's talk was well prepared, effectively presented and enthusiastically received. Our attendance was the largest in the six years of our existence which is evidence of the interest in your organization. His friendly approach and willingness to answer many and varied questions made a great impression on our membership and I can assure you that his presence at the meeting as our guest speaker only increased the great admiration and esteem which we hold for the Federal Bureau of Investigation.

Most	sincerely	yours,

CRIME RECORDS DIVISION CORRESPONDENCE AND TOURS SECTION

I thought you would like to know that eight Special Agents assigned to the Correspondence and Tours Section have put in a total of 140 hours 37 minutes of voluntary overtime during the past week. This was necessary due to the heavy increase in mail.

As you know, our mail jumped approximately 30% as a result of vicious rumors regarding difficulties the Director might have with the Attorney General and the possibility of the Director's retirement. The tremendous increase, of course, reflects the great prestige which the Director has in the minds of the American public.

We had 710 dictated letters last week. This is an all-time high in the history of the FBI.

#### ACTION:

It is suggested that consideration be given to a letter of commendation for Section Chief D. C. Morrell and, through him, the eight men of his Section who have shown such by al devotion in handling their work. The letter should not only include the Agent personnel but also the clerical personnel who put in considerable overtime in assisting the Agents in handling this volume of work.

LETTER FROM

NATIONAL COUNCIL, PROTESTANT EPISCOPAL CHURCH

ENCLOSING BOOKLET ENTITLED "CAPITAL PUNISHMENT"

Mr. Tolson has requested an explanation for the initial handling of Mor with 1 captioned correspondence.

A letter dated 3-8-61 from the captioned individual was received in the Files and Communications Division of the Bureau on 3-9-61 and routed directly to the nonspecial unit of the Correspondence and Tours Section. In this manner it neither came through the Director's Office nor to the attention of Section Chief Morrell. The Correspondence and Tours Section has been handling a tremendously increased volume of work in the past two weeks and in the nonspecial unit, despite considerable night work, has been having a small number of delinquencies (mail over three days) which were properly reported. To help alleviate the situation. the Crime Research Section loaned Number One Man L. J. Reim to Correspondence to help review some of the mail. This released SAs B. D. Adsit and H. H. Adcock for full dictating duties and they helped out the nonspecial dictators to handle some of the pending work. In addition, Editorial Research Clerk also handled a few of what appeared to be routine replies. One was the item in question. 10 11 11 = K

A letter was prepared by giving a short acknowledgment of the receipt of the pamphlet. On the note he pointed out that the booklet had been given a cursory examination and set forth the booklet's whole purpose was to set forth various views and opinions for the abolition of capital punishment, using the Bible as the primary source. The note also pointed out that correspondent did not request the Director's opinion but only that he study the document. The yellow was specifically marked for routing to the Research Unit of Crime Research Section, which Unit prepares summary memoranda and has an accumulation of data on the subject of capital punishment. At this stage a full explanatory analysis and memorandum was to be made. The letter was approved for the Section by SA Heim, for the Division by SA Leinbaugh. 66 211 17 - 139

I have analyzed this situation. Inasmuch as this letter was originally misdirected to the nonspecial correspondence desk and arrived on 3-9-61, two alternatives existed to handle the outgoing letter under date of 3-15-61 with a

Enclosure & CDD:mid

A Consume to Morrall, Leinbrush,

Memorandum to <u>Mr. Mohr</u> Re: Letter from

b6 b7C

cursory examination of the pamphlet and then do a full and complete examination of the pamphlet or to take additional time, fully analyze the pamphlet and prepare memorandum at this time. The former course was taken, that is it was decided to get the letter out with a simple acknowledgment and then have the review made. We were fully aware of the importance of an analysis and of the possibility of a pending press release by the ministers, who, per se, are against capital punishment.

At this time it is now felt that the latter alternative would be preferable, particularly since it was not known whether the press release was to be immediate or not. Accordingly, the analysis has now been done.

An analysis of the booklet reflects that it was prepared by concerning whom Bureau files contain

no identifiable information. The Episcopal Church, in its General Convention in October, 1958, adopted a resolution opposing capital punishment. The booklet lists the arguments for capital punishment as: 1) deterrent to crime; 2) to prevent recurrences; 3) to save "decent" citizens tax money. It uses the usual arguments against these propositions, claiming the right to take another's life is God's not man's, that God will forgive no matter how grave the sin. The pamphlet denies the deterrent effect of capital punishment and cites statistics to show that statistics do not prove there is a deterrent effect to capital punishment. It also claims mentally incompetent individuals and those who commit homicide in times of passion cannot be deterred by fear of execution. It feels that man should not be required to make final judgment upon fellow man and suggests that the church's mission is to agitate against capital punishment. Part of the Director's statement from the 6-1-60 Law Enforcement Bulletin Introduction is quoted, stating it is "an assertion which can neither be supported nor adequately contradicted" and that with the stature of the Director his unsupported assertion is devastating against a more enlightened penology and in the eyes of politically minded legislators outweighs all the careful statistical studies that have been made of the question and the only compelling rebuttal is an aroused and enlightened public.

#### RECOMMENDATIONS:

This was definitely an error in judgment upon the part of all concerned. Accordingly, it is recommended:

1. The attached acknowledgment be approved which merely acknowledges receipt of the pamphlet, that the contents have been carefully noted, that Director's views are a matter of public record, and sends a copy of the Director's remarks.

3. Section Chief Donald C. Morrell should be censured for his over-all responsibility in this matter.

4. It is also recommended that I be censured for this failure of the Crime Records Division to properly handle this matter.

Dear Mr. Morrell:

A proposed reply prepared by one of your subordinates to a letter dated March 8, 1961, enclosing a booklet relating to capital punishment was entirely inacequate and as Chief of the Correspondence and Tours Section you share in the responsibility for this delinquency. There had been a failure to properly analyze the incoming communication and take appropriate action concerning it. There was no acceptable excuse for this situation.

Accordingly, you will be expected to firmly impress upon your subordinates the need for the utmost thoroughness and good judgment in processing such communications so that there will be no further occasion to bring a weakness of this type to your attention.

Very truly yours,

Mr. Morrell was assigned to the Crime Records Division in the capacity of Section Chief, Correspondence and Tours Section, as of March 14, 1960. He rapidly assumed knowledge regarding his responsibilities and has performed in an above-average manner since taking over his duties as Section Chief. He makes an excellent appearance, is conscientious, eager to learn and entirely amenable to discipline. This man is a "bulldog" in his tenacity to handle his responsibilities in the best interests of the FBI. He is obviously intelligent, alert and a person who inspires enthusiasm in the personnel who work for him. He has a good capacity for rapidly grasping problems and arriving at sound conclusions. He is completely available wherever needed and is definitely an asset in his position as Section Chief. During the current rating period and since assuming his duties as Section Chief of the Correspondence and Tours Section of this Division he has received two letters of commendation and one letter of censure.

INSPECTOR ROY K. MOORE (HEC:meh, 3/17/61)

Inspector concurs in comments of Mr. DeLoach.

The current inspection revealed that under Mr. Morrell's leadership the Correspondence and Tours Section is operating with decreased delinquency in spite of increased volume. This is a section where all employees work under extreme pressure and are highly vulnerable to censure. Nevertheless, morale, in the section, was found to be very good in spite of overcrowded conditions. The Inspector feels that these findings speak well for the leadership which Morrell has afforded since becoming Section Chief. Morrell's weight

In view of the capability with which Morrell has handled his present job, many times under difficult circumstances, Inspector feels that he is capable of assuming additional responsibility. I would rate his potential for advancement as excellent.

Mr. Donald Co Morrell Federal Bureau of Investigation Washington, D. C.

Dear Mr. Morrell:

Careful consideration has been given to your explanation for the mishandling of correspondence to of Paterson, New Jersey, and it is obvious that your administration of the Correspondence and Tours Section has been delicient. As a result, dupliwould have been sent if this cate letters to duplication had not been discovered after the mail had left your division.

In view of the above, you should insure that closer supervision is afforded the work in your section so that such potentially embarrassing errors will not occur in the future.

Very truly yours,

#### DONALD C. MORRELL

Special Agent Correspondence and Tours Section Crime Records Division

#### PART I GENERAL COMMENTS:

This Section Chief makes an outstanding personal appearance and has a pleasant personality. He is aggressive, loyal and completely amenable to discipline.

Mr. Morrell is very conscientious and eager to please. He has a "bulldog" tenacity to conform to proper policy. Despite the number of letters of censure received by personnel under his supervision, I feel he has made excellent progress considering the terrific pick-up in the volume of correspondence during the past year.

Mr. Morrell is obviously well read and he is alert. He inspires enthusiasm in the personnel who work for him by setting an above-average pace himself. This man has an excellent capacity for rapidly analyzing problems and arriving at sound conclusions, although his memoranda explaining deficiencies are sometimes lengthy.

This Section Chief is rapidly developing into a very valuable employee. He has had a most difficult problem to overcome inasmuch as correspondence has picked up over 30 per cent within the past six months and we are currently receiving requests for fourteen times more literature than before. He has found it necessary to streamline, to consistently adopt new tactics and to "plug" harder than ever in view of these problems. He has done this in an admirable fashion and his performance is definitely considered to be excellent thus far. During the rating period this Section Chief has received four letters of commendation from the Director, while receiving the letters of censure despite the fact he is far more vulnerable, due to the nature of his work, than other Section Chiefs in the Bureau.

#### PART II SPECIFIC COMMENTS

Justification for Any Minus Ratings Given 1.

Dear Mr. Morrell:

Under date of March 51, 1561, you prepared an Annual Performance Rating Report on a Special Agent under your supervision and you gave him an over-all rating of Excellent although he had received five letters of censure during the period covered by this report. Your evaluation of the performance of this employee was clearly unjustified and your explanation for it is unacceptable.

In the future, you will be expected to demonstrate better judgment in matters of this nature and to insure that you are not again chargeable with such an error of judgment.

Dear Mr. Morrell:

It has been noted that although you reviewed and approved a <u>oronosed outgoing letter</u> dated June 1, 1981, directed to _______ at Wallisville, Texas, you did not discover delinquencies that appeared in this item of correspondence. Material extraneous to the subject matter of the correspondence was being forwarded to ______ through error and, in addition, one of the enclosures had not been properly identified on the file copy of the outgoing letter.

It was your responsibility to detect such deficiencies and in the future you should give more careful attention to the review of Bureau correspondence so that there will be no basis for similar criticism.

SUBJECT:

Correspondence and Tours Section

EOD 1-22-51; GS-13, \$10,635 per annum

Veteran: Not on Probation

Mr. Tolson has requested an explanation for the adjective rating of Excellent accorded this agent on his 1961 annual performance rating since during the rating period he received five letters of censure for errors in work, prepared by him. Attached is a memorandum of explanation from Unit Supervisor D. C. Morrell who prepared Murphy's rating to which is attached an addendum by Agent Supervisor Norman E. McDaniel of the Administrative Division who approved the rating for the writer.

Mr. Morrell points out that he prepared the annual performance rating on Agent Murphy and rated him Excellent in view of his over-all excellent performance during the rating period. He pointed out that he reported to the Correspondence and Tours Section on May 15, 1960, from the Newark Office, was rated Excellent for his services on an inspection of the Investigative Division, made a valuable suggestion as to the tightening up of supervision of bank robbery matters and was commended two times in connection with his work performance. This in contrast to the five letters of censure he received during his assignment to the Correspondence and Tours Section pointed out that Murphy is a consistently high producer turning out over 4,000 letters over the Director's signature during the period involved with an error record of approximately .2 of 1 per cent. This coupled with his other abilities he felt deserved Murphy the rating of Excellent. Assistant Director DeLoach reviewed and approved Mr. Morrell's rating of Murphy based on these factors.

Supervisor McDaniel of the Administrative Division approved the rating after discussing it with Section Chief Morrell and noted that Murphy had been rated only Satisfactory on the item "Accuracy and attention to pertinent detail" and considered the 

1. It is recommended that Section Chief Morrell who prepared the rating, Assistant Director DeLoach who reviewed the rating and approved it, and Agent Supervisor McDaniel of the Administrative Division who approved it for the writer be censured for their erroneous evaluation of this rating.

It is recommended that the adjective rating be reduced from Excellent to

Satisfactory and that Assistant Director DeLoach so notify Agent Murphy
